## 4 CLEAR RETURNS ON INVESTMENT

- **Scale saving:** Save money on your food cost by safely handling larger quantities.
- **Food saving:** Minimize food waste.
- **Go to market:** Bring your finished products to the marketplace in a safe, traceable and easily identifiable package.
- **Sous-Vide:** Incorporate Sous-Vide cook-ing processes in your kitchen, saving you labor costs and enhancing the quality of your offering.

**BUSCH**

**Busch pump**
Powerful, reliable & maintenance friendly

*Sensor Control: The vacuum process will end as soon as the preset percentage has been reached.

**Liquid Control: Prevents liquids from boiling during the vacuum process. As soon as the boiling point is detected, the vacuum process stops, and the bag is sealed. With no loss of moisture, the product, pump and vacuum chamber are equally protected.

***ACS (Advanced Control System): LCD panel, 20-program memory, secured access, gate check/maintenance alarm, USB connection, printer compatibility, HACCP compliance, easy service and maintenance.
