APW Wyott TM-12L Series and HFW-12 Series Built-In Rectangular Food Warmers are designed for top mount installation and to hold heated foods at safe and fresh serving temperatures. The APW Wyott TM-12L Series accommodates one 6" X 20" half-size food pan or equivalent fractional inset pans while the HFW-12 Series accommodates one 10" X 12" half-size food pan or equivalent fractional pans. Both are designed for wet or dry operation.

One-piece stainless steel top flange and heavy gauge, deep-drawn stainless steel warming pans are standard features on all models. TM-12L & HFW-12 Series models are fully insulated around all 4-sides and bottom for quicker preheat, faster recovery and energy savings. Individual controls for each well provide maximum versatility. High-limits prevent overheating. Temperature-ready indicator lights are standard on all control types. Powerful tubular heating elements are located under the warming pans for quick and efficient heating and for even heat distribution.
