- Additional shelves
- Price tag molding
- Product dividers
- Joining Kit
- Partition

WARRANTY

One year parts and labor (case only).

NOTE

These cases are engineered to operate in locations not exceeding 75°F and 55% R.H. These cases are designed to operate using R404a refrigerant. Alternate refrigerants available by special order. O.A. length includes (2) ends at 1-7/8" each. Ventilation grills at front and back cannot be blocked. B.T.U.'s are calculated at 14°F (evaporator) and 90°F (ambient). Floor drain must be provided. Remote cases are provided with an expansion valve and a liquid solenoid for pump down cycle. Cases must be hard wired – no plugs.
